Caleb: Local yokel just gave me this book:

Caleb: <http://www.amazon.com/South-Right-James-Ronald-Kennedy/dp/1565540247>

Caleb: Hurray!

me: very good

me: that will be useful

Caleb: I think it's more of a loaner though.

Caleb: Not a permanent and proud addition to my personal library.

me: fuuuuuuuuuuuuuuuuuuuuu

Caleb: Hey, that's that 4chan meme!

me: that's a shame

me: Hey!

me: It is!

me: Man alive

me: I've had to spend thousands of dollars on other people's rent and food and whatnot over the last couple of months

me: I'm totally fucked

me: going to be poor for a little while

Caleb: Hey, I'll try to help out best I can, pal.

Caleb: What's Scallywag's deal?

me: truckin' along

Caleb: Where are all of his millions of globe-trotting, insider access dollars?

me: trying to get advertisers and sponsors lined up

me: got new writers and other folks to help out

me: tech guy, etc

Caleb: Right, right.

Caleb: Is he paying rent properly though?

Caleb: Or if you'd rather not talk about, that's fine with me too.

me: sorry, was working on something

me: he has been

me: but that Scott kid couldn't

me: Straub will allegedly have a little money for me

me: and I've got some coming in soon

me: it'll be alright

Caleb: Total Park St. fail.

me: yep
